🧩 INTERNSHIP

Data Engineer in Sarda Metals & Alloys, internship on data science
June 2023 – October 2023 | vishakapatnam, India
I have done full semester internship on data science. I have worked on the import and export data and developed a project in sales data.

📁 PROJECTS

SALES PRICE PREDICTION
June 2023 – July 2023
developed a end to end project on sales price prediction in sarada metals and alloys using machine learning

DRIVER DROWSINESS DETECTION
December 2022 – March 2023
- It is developed with an aim to reduce the road accidents due to the drowsiness of the drivers using the Deep learning.
- Provides an accurate signals to the drivers when they were feeling drowsiness.

CAR PRICE PREDICTION:
June 2022 – August 2022
Developed a model for old car price prediction for selling.

QUERY ENCOUNTER
August 2023 – September 2023
It was designed on the aim to reduce the problems faced by the non IT people to use the important apps in the sarda groups.

🧩 ACHIEVEMENTS

Nptel, Secured 69% marks and Bagged ELITE certificate in machine learning course offered by NPTEL SWAYAM.
September 2022 – December 2022

leetcode, solved 100+problems in leet code.

🧠 SKILLS

CS Core
DSA,DBMS,OOPS

Programming Languages
C,C++,Java,Python

Technologies:
Machine Learning, Deep Learning,HTML,CSS

Soft Skills
Communication, Teamwork

🛠 CERTIFICATES

ALGORITHM TOOLBOX
by coursera

INTRODUCTION TO MACHINE LEARNING
elite certified by NPTEL-SWAYAM

OBJECT ORIENTED PROGRAMMING THROUGH JAVA
by coursera

INTERSHIP CERTIFICATE
Certified in internship by sarda group of industries.

🎓 EDUCATION

Bachelor Of Technology,,
GMR INSTITUTE OF TECHNOLOGY
January 2020 – present | rajam, India
Specialization in computer science and Engineering With CGPA 8.55(upto 6th sem).

Intermediate, SASI JUNIOR COLLEGE
March 2018 – March 2020 | vishakapatnam, India
passed with an aggregate of 94%.

Secondary Education,
SRI CHAITANYA E-Techno school
passed with an aggregate of CGPA of 9.8..
